

COST SAVING LIP SEALS

IMPROVED LIP SEALS
FORWARD FLAP TRACK FAIRINGS

FACC Aftermarket Services puts an end to the high replacement rate of Lip Seals for Embraer 170/175 and 190/195 forward flap track fairings.

IMPROVED LIP SEALS

FORWARD FLAP TRACK FAIRINGS

BENEFITS

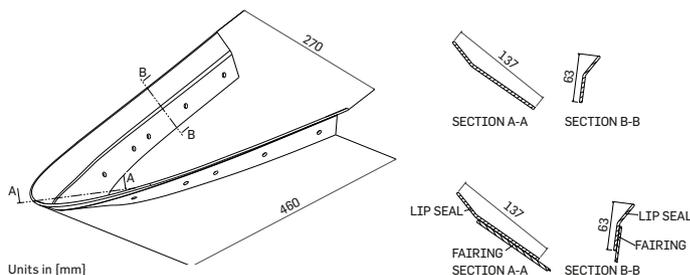

- Meantime between unscheduled removal (MTBUR) significantly improved
- 18 month full warranty and up to 36 month pro rata

REFERENCES

- FACC polyurethane-based Lip Seals are used for the flap track fairings of the A380 and A330 fleet since more than 10 years with great experience
- FACC is the new awarded manufacturer and supplier of Lip Seals for the successor series Embraer 190/195 E2

FACTS

- EASA certified product in accordance with FACC approvals EASA Part 21 Subpart G & J
- Material base polyurethane instead of silicone
- Layup concept designed for improved erosion resistance on affected seal areas - surfaces into wind

PART NUMBER MATRIX

EMBRAER 170/175		
Part name	FACC Part number	Original Part number
Lip Seal FFTF 2LH	170-60210 -201	170-39870-901
Lip Seal FFTF 2RH	170-60210 -202	170-39870-902
Lip Seal FFTF 3LH	170-60310 -201	170-39810-901
Lip Seal FFTF 3RH	170-60310 -202	170-39810-902
Lip Seal FFTF 4LH	170-60410 -201	170-39830-901
Lip Seal FFTF 4RH	170-60410 -202	170-39830-902

EMBRAER 190/195		
Part name	FACC Part number	Original Part number
Lip Seal FFTF 2LH	190-60210 -201	190-92766-901
Lip Seal FFTF 2RH	190-60210 -202	190-92766-902
Lip Seal FFTF 3LH	190-60310 -201	190-92767-901
Lip Seal FFTF 3RH	190-60310 -202	190-92767-902
Lip Seal FFTF 4LH	190-60410 -201	190-92768-901
Lip Seal FFTF 4RH	190-60410 -202	190-92768-902

Considering our experience and comparing the replacement time of the A380 fleet with the current seal replacement intervals of Embraer 170/175 and 190/195 aircraft, there could be a significant maintenance cost saving potential for you.
