

Research and Technology Engineer (m/f/d)

COMMITTED TO THE SKY - The passion to go beyond existing horizons defines our company. Innovative lightweight solutions for the aerospace industry are and will remain our core business. We find new ways and solutions for the fields of Aviation, Urban Air Mobility and Space through our commitment and competencies. FACC offers both career starters and people with professional experience varied and exciting positions.

Your responsibilities:

- ✈ Project management of national and international research projects incl. administration of the research project budget and preparation of funding reports
- ✈ Optimization of existing manufacturing processes to produce fiber composite components
- ✈ Independent execution of manufacturing feasibility studies
- ✈ Value analysis of new technologies in coordination with internal departments
- ✈ Intensive cooperation with national and international research institutions and coordination of the respective research activities
- ✈ Preparation of and participation in scientific publications and patents
- ✈ Participation in trade fairs & congresses and organization of technical exchange meetings with suppliers and customers

Your profile:

- ✈ Successful degree in the field of plastics engineering, lightweight design, mechanical engineering, or mechatronics (FH or TU).
- ✈ Several years of professional experience in the field of research and technology of fiber-reinforced plastic composites are an advantage
- ✈ You enjoy solving complex technical challenges
- ✈ Creativity and thinking out of the box will help you to find new solutions
- ✈ We appreciate a structured and solution-oriented way of thinking and working with a hands-on mentality
- ✈ Assertiveness and clearly understandable communication
- ✈ Knowledge and application of tools in the field of project management support your day-to-day work.
- ✈ Profound knowledge of German or English, both written and spoken, is essential in a global environment

We offer:

- ✈ Highly flexible work times
- ✈ Happy Birthday: a free day for your birthday
- ✈ FACC Job Rad: Lease my bike
- ✈ Company canteen as well as lunch allowance
- ✈ FACC Bonuscard, many discounts and offers in regional stores
- ✈ Year-round childcare possibility
- ✈ Firm internal health program containing various activities and programs to promote health
- ✈ Strong and steadily growing company
- ✈ Diverse and international work environment
- ✈ Various regular further education and training
- ✈ Crew events/Team events

If you want to make a difference in your day-to-day work as well as take part in our success, then we are looking forward to your meaningful job application, preferably by online form.

According to the GBG, we are referring to ladies, gentlemen and divers.

Your annual salary is based on your previous professional experience and educational level and ranges between € 44.800,- and € 70.000,- gross pa. full-time basis. If you exceed the requirements, we can adjust this scale. As an international company, FACC also offers interesting development opportunities and attractive social benefits.
