

Material & Process Engineer (m/f/d)

COMMITTED TO THE SKY - The passion to go beyond existing horizons defines our company. Innovative lightweight solutions for the aerospace industry are and will remain our core business. We find new ways and solutions for the fields of Aviation, Urban Air Mobility and Space through our commitment and competencies. FACC offers both career starters and people with professional experience varied and exciting positions.

Your responsibilities:

- ✈ Main fields of work: Metal material processing (e.g. forming, machining, forging, casting, heat treatment and chemical surface treatment), Assembly of composite structures, Chemical processing (e.g. painting) of composite parts
- ✈ Responsibility for FACC material- and process specifications and respective test campaigns to validate included technical requirements
- ✈ Responsibility for material - and process qualifications & certifications on development projects for the Aviation-, Space- and Urban Mobility industry
- ✈ Support of the product development departments (e.g. Design, Stress, Qualification) on new projects to define suitable materials and processes for internal and external production
- ✈ Technical support for internal and external process audits (e.g. NADCAP)
- ✈ Support on technical problems with materials and/or processes to determine the root cause and to initiate measures for resolution
- ✈ Technical support for the supplier nomination process and qualification
- ✈ Technical support for FACC customers on material & process topics
- ✈ Development and progression of expertise for materials and processes in the Aviation-, Space- and Urban Mobility industry
- ✈ MRB (material review board) tasks for material or process deviations

Your profile:

- ✈ Completed studies (e.g. Aviation Engineering, Mechanical Engineering, Metal - or Plastics Engineering) or professional technical qualification with multiple years of experience
- ✈ Minimum 3-5 years technical experience in the aerospace industry is beneficial
- ✈ Advanced English skills in speech and writing
- ✈ Pro-active acting and self-reliant working
- ✈ Hands-on mentality
- ✈ Advanced IT-Knowledge (e.g. MS Office)
- ✈ Experience with Six Sigma and the respective tools is beneficial

We offer:

- ✈ Highly flexible work times
- ✈ FACC Job Rad: Lease my bike
- ✈ Company canteen as well as lunch allowance
- ✈ FACC Bonuscard, many discounts and offers in regional stores
- ✈ Year-round childcare possibility
- ✈ Firm internal health program containing various activities and programs to promote health
- ✈ Strong and steadily growing company
- ✈ Diverse and international work environment
- ✈ Various regular further education and training
- ✈ Crew events/Team events

If you want to make a difference in your day-to-day work as well as take part in our success, then we are looking forward to your meaningful job application, preferably by online form.

According to the GBG, we are referring to ladies, gentlemen and divers.

Your annual salary is based on your previous professional experience and educational level and ranges between € 50.000,- und € 80.000,- gross pa. full-time basis. If you exceed the requirements, we can adjust this scale. As an international company, FACC also offers interesting development opportunities and attractive social benefits.
