

Employee component testing (m/f/d)

COMMITTED TO THE SKY - The passion to go beyond existing horizons defines our company. Innovative lightweight solutions for the aerospace industry are and will remain our core business. We find new ways and solutions for the fields of Aviation, Urban Air Mobility and Space through our commitment and competencies. FACC offers both career starters and people with professional experience varied and exciting positions.

Your responsibilities:

- ✈ Carrying out non-destructive tests to ensure the high quality of our aircraft components
- ✈ Independent performance of automated component inspections with ultrasonic systems as well as manual component inspections with manual ultrasonic testing devices
- ✈ Independent performance of X-ray inspections with industrial X-ray equipment
- ✈ Carrying out inspections using thermographic equipment
- ✈ Evaluation of the test results with regard to their quality and recording of the results

Your profile:

- ✈ Completed apprenticeship in the technical field (e.g. electrical engineering, GWH installation or similar) or technical college.
- ✈ Ability to work in a team, reliability and willingness to learn
- ✈ Required training / qualification is done in-house
- ✈ Shift readiness (3 shifts)

Advantageous:

- ✈ First relevant professional experience

We offer:

- ✈ FACC Job Rad: Lease my bike
- ✈ Company canteen as well as lunch allowance
- ✈ FACC Bonuscard, many discounts and offers in regional stores
- ✈ Year-round childcare possibility
- ✈ Firm internal health program containing various activities and programs to promote health
- ✈ Strong and steadily growing company
- ✈ Diverse and international work environment
- ✈ Various regular further education and training
- ✈ Crew events/Team events
- ✈ First relevant professional experience

If you want to make a difference in your day-to-day work as well as take part in our success, then we are looking forward to your meaningful job application, preferably by online form.

According to the GBG, we are referring to ladies, gentlemen and divers.

The starting salary for component testers is at least € 2,721.25 gross during a three-month induction phase. Thereafter, the monthly salary increases to a minimum of € 2,863.41 gross but a maximum of € 3,169.38 gross without overtime or various bonuses.

The gross monthly salary (wood industry) is between EUR 2,317.96 (excl. overtime and shift allowance) and EUR 2,645.28 according to the collective agreement.

As an international company, FACC also offers excellent development opportunities and attractive social benefits.
