

Manufacturing Engineer – central core production (m/f/d)

COMMITTED TO THE SKY - The passion to go beyond existing horizons defines our company. Innovative lightweight solutions for the aerospace industry are and will remain our core business. We find new ways and solutions for the fields of Aviation, Urban Air Mobility and Space through our commitment and competencies. FACC offers both career starters and people with professional experience varied and exciting positions.

Your responsibilities:

- ➔ Development of the processing and manufacturing strategy with the involvement of the responsible production manager
- ➔ Preparation of the necessary manufacturing data for the production of Honeycomb components according to drawings
- ➔ Preparation of the necessary documentation for the production and/or the supplier
- ➔ Support of the product development as well as support of the production with production-relevant topics
- ➔ Cooperation and exchange of information with internal and external customers
- ➔ Proposing new processing methods, test methods, documentation methods and internal standards

Your profile:

- ➔ Completed technical training (FH, HTL mechanical engineering, automation technology), plastics technology, aeronautical engineering or apprenticeship with further training to master craftsman / foreman)
- ➔ Preferably at least 2 years professional experience in the field of tool, mould and fixture construction
- ➔ Manufacturing knowledge of tools and fixtures
- ➔ Manufacturing knowledge of fiber composite components
- ➔ IT-knowledge (MS-Office, CATIA/UG)
- ➔ Good knowledge of German

Advantageous:

- ➔ Quality Management and Six Sigma knowledge
- ➔ SAP knowledge

We offer:

- ➔ Highly flexible work times
- ➔ Happy Birthday: a free day for your birthday
- ➔ Company canteen as well as lunch allowance
- ➔ Strong and steadily growing company
- ➔ Diverse and international work environment
- ➔ Various regular further education and training

If you want to make a difference in your day-to-day work as well as take part in our success, then we are looking forward to your meaningful job application, preferably by online form.

According to the GBG, we are referring to ladies, gentlemen and divers.

The minimum collective agreement salary (KV Holverarbeitende Industrie) for this position is EUR 28.985,74 annually. The actual monthly salary will depend on your qualification und experience. Therefore, together with you, we would like to adjust it accordingly.
